 - 1) Auditor
 - 2) Solicitor
6. Remits

NOTE: See separate page – 4 remits attached.
7. General business

Followed by a Presentation from Jim O'Grady, CEO Squash New Zealand.

REMIT 1

Received from Mt Pleasant Squash Club
President Jonathon Douglas

Multi club access and sharing of courts between different clubs: If two squash players that are both members of Canterbury clubs they can play at each others club without having to pay fees every time.

It is getting increasing hard to find people to play (especially at top level) at your own club and would be very beneficial for Squash Canterbury to allow players to play others at other clubs to increase the quality of Canterbury players (especially the elite).

Maybe you pay \$xx extra a year and this go into a pool which is split between all clubs based in their member count or just be a bit more relaxed about it and see it is doing good for the game, your club players and squash Canterbury as a whole.

REMIT 2

Received from Mt Pleasant Squash Club
President Jonathon Douglas

Evenly spreading the elite for interclub: Putting the top xx players into a draft system so they are split evenly for interclub (or a well organized Super League like Paul Growcott ran) to improve the competition amongst the top players in Canterbury.

Maybe limiting each team to one "a" grader per team at the start of each round or something?

Then moving the "Elite Interclub" around the major clubs where they play on the same night altogether so people can come and view some decent games during the week - each week for the year not just over 4-5 weeks in the middle.

REMIT 3

Received from Mt Pleasant Squash Club
President Jonathon Douglas

Long term Squash Academy in Christchurch: Why let Auckland have the only one in the country? Look at building or developing one with the Education Dept at Canterbury Uni.

REMIT 4

Received from Burnside Squash Club
President Warwick Darby

"That the board of Squash Canterbury give careful consideration to the efficiency and effectiveness of the work undertaken by its officers and/or employees. That its members be informed of normal and necessary communication in a timely and businesslike manner in order to eliminate confusion and frustration between the governing body and its member clubs and affiliate associations and by extension their members."
